To Whom It May Concern:

It was with great sadness that we received the news that Brian Fuller would be leaving Hawaii to move to Washington. Over the past few years Brian has been instrumental in renovating our entire apartment. The work that he has done for us includes:

Total remodel of the kitchen  
Replacement of flooring in kitchen, hallways and enclosed lanai  
Carpeting of guest bedroom  
Total renovation of two bathrooms  
Total refinishing of ceilings throughout the apartment  
Painting of all rooms  
Repairing a leak from our lanai glass doors and replacing part of the flooring  
Replacing light fixtures

This work was done over a period of four years. We chose to have it done when we were off the island and always came back to a job beautifully done and an apartment that was always spotless. The people that he sub-contracted with were dependable, honest and skillful. We gave Brian a key to our apartment and knew that we could count on him if there was any need beyond the work we had contracted for. In one instance we had a water leak right after we left for the mainland and he went in, dried the rooms out, selected replacement carpet installed it and repaired the damage before we returned home. It was all done perfectly and to our taste.

Because of his honesty, skill and quality of work he was contracted for multiple jobs in our building. He will be an asset to any organization in which he is employed.

Please feel free to contact us personally (808-341-6580) should you need any more information.

Respectfully,
