Brian Fuller
1455 Humuwili Pl
Kailua, HI 96734

Dear Brian,

Enclosed is my final payment for services rendered. I want to take a moment to thank you for your professional, articulate service.

Brian, you have made my first home owning experience fun! All my neighbors are jealous of my new patio deck and my custom moldings. Your professionalism and attention to detail has been incredible.

When I asked you if you install custom lighting, you replied "yes" needless to say the installation jobs have been difficult as you know I have great taste.

From the beginning when I asked you to install a peep hole, fix my leaking toilet, install a new kitchen faucet to when you sat down and drew out the design of my patio deck and installation of the custom moldings it seems as though no job has been too small or too large for you.

I just want you to know that you will be highly recommended by me if and when you will ever need it as your level of expertise helped me to make remodeling decisions that have increased the value of my home.

Sincerely,

Patti
