RE: Brian Fuller

To Whom It May Concern:

I have had the pleasure of working on several commercial and residential renovation projects with Brian for well over 7 years. His working relationship with Division 8, Inc. has been both as a General Contractor as well as a Subcontractor.

Brian possesses knowledge and experience in all phases of construction. His workmanship, problem solving ability, and leadership skills are his most valuable assets.

Should you require any additional information regarding Brian, please do not hesitate to contact me.
