Letter of recommendation for Brian Fuller:

To whom it may concern:

My name is George F. Hutton and I live in Hawaii now and have for the last 45 years. I have known Brian Fuller personally for approximately 10 years during which time he performed all of the maintenance work and remodel work that we have had done on our large condominium apartment in Honolulu.

Brian is a very talented and experienced craftsman who can handle all phases of construction up through and including building a new home. His work product is first class and he is proud of the finished product that he delivers. He takes pride in his work and is prompt in getting it completed on schedule. His honesty and trustworthiness are beyond reproach and the people who worked for him here in Honolulu exhibited the same personal characteristics. He is going to be a very difficult man for me to replace.

I am proud to be able to give him my strongest recommendation. If there are any specific questions you might like to ask please contact me at the address below.
